

Coastal & Legacy Managers' Meeting
March 3, 2017

All Coastal/Legacy Managers were in attendance. Jerry Kaplan and Gary Kohunsky..Absent Ken Denne and Gip Fehring.

Reviewed and refined times and schedules for Spring Training, Winter Practice etc. at Ogden. Roles and methodology defined. Reminded everyone to check the WSSA Web site frequently. Discussed draft , but decided to have another meeting on the 20 th of March, when all numbers are clear as to the teams and incoming players.

We addressed Brad Van Amberg's continuing written concern regarding Mike Watters not being assigned to the Pelicans and therefore not available for protection.

There was unanimous rejection of the Watters request made by Brad, and non acceptance of any prejudicial infractions of the by-laws.

Plans are being made by Walter Aaron to secure an additional field as it may very well be necessary.

We agreed to ask Mike Abernathy to assist us Tuesday at 1 P.M.

One final note. Winter practice and other players are requested NOT to participate at the Tryouts. They can continue practice at an adjacent small field if they wish.
