

Summary of Legacy Managers meeting

March 8, 2022

Hi Guys,

First and most important. We are trying to locate all of our uniforms. We need all uniforms turned in within the next few days. Please contact your previous manager, let them know you have a uniform and then work out the method of turning in your uniform.

We had our first managers' meeting last week. I was in favor of protecting a core group of players for each team prior to the actual draft. The manager of Able revealed that many of his key players would not be returning for 2022. This made it impossible to make the Able team competitive with teams like Carolina Bay and Champions. I then asked the question if we should blow up the teams and start over. All four managers were in agreement. Each team will start with a manager and no assistants. Those managers are Dwight Crainshaw, Tom Howley, Scott Powell and Stu White.

It looks like rain for today and no tryouts/Spring Training for tomorrow. The final look at new players will be next week on Tuesday and Thursday. After that Atlantic should have their draft. Coastal will then have their draft. Legacy will ask players coming from Coastal to then come to the field to give us a look at them. After that we will then put together our four teams. Once the teams are assembled and hopefully balanced the managers will have a drawing to pick a team.

Some good news, Ron Ratliffe was able to secure Champions Assisted Living as a sponsor for this year. He may have also picked up Matthews Motors as well. Great job, Ron!! Legends will be getting new shirts.

I have a BOD meeting on Monday.
