

WSSA
Board of Directors Meeting
June 15, 2020

Board members present: Walter Aaron, Charlie Backes, Mike Gallagher, Joe Newcomb, Skip Flynn, Tony Spataro, Gary Kohunsky, David Reardon

The virtual (Zoom) meeting, called to address the cancellation process for practice games due to inclement weather and/or unfavorable field conditions, was called to order at 3 pm.

There was discussion about what has already been communicated to players in an email about checking the website for cancelled practice sessions. Mike requested that Charlie inquire about Olsen field access for the Atlantic practices since they have been closed earlier during the earlier stages of the pandemic. Charlie will reserve Olsen if available effective immediately on Tuesdays and Thursdays through Phase 3.

The process used for cancellations at Olsen will remain with a single point of contact (Mark Schall) who will advise Mike who will then contact the WSSA webmaster, Harry Marriner. The process for cancellations at Ogden will also remain as they have been during the 2019 season with Charlie contacting the Ogden grounds crew and then communicating with the Coastal and Legacy presidents and webmaster.

Cancellations for both Ogden and Olsen fields will be posted on the website as early as possible with a targeted time of 7:15 – 7:30 am.

The board then entered into a general discussion regarding practices, scrimmages, spring training, and regular season play with regard to the restrictions currently in place and with the easing of restrictions should phase 3 be implemented.

The meeting was adjourned at 3:40 pm

Respectfully submitted,

Gary Kohunsky
WSSA Secretary/Procurement Officer
