

Break time café, 12:30 back room

Attendees

Jim Myer

Charlie Pettineo

Jim Sidberry

Mike Fleming

George Wesolwski

Dwight Crainshaw

Fred Altman

Steve Hagen

Tom Hawley

Review and define the Legacy rules of play. All managers in attendance addressed and resolve issues affecting play on the field. This part of the meeting was long and many fine detail were worked out to everyone satisfaction. Changes and addition were added to the new Legacy Division rules document

A review of the current head count and player assignments was discussed with the following assignments made. Ed Scott will be transferred to the Champions where ED will be provided with his old uniform and number. A request to transfer two players between teams was discussed and is pending of a managers review. (John Vetere and John Simonelli both second basemen between Carolina Bay and Jiffy lube)

Jim Sidberry is waiting for a doctor's release due by the end of this week before he can be transferred to the Jiffy lube team. This transfer must be completed before June first or the transfer is cancelled.

Open Discussion regarding methods and procedure for introducing new players to team. Chip stated he was ready to increase headcount to 15-16 player's per team. However if next year the coastal division has multiple player requesting to transfer over he was not going to allow unless they can support 6 total teams thus creating the need to reorganize the division again. Other wise a regular draft will be conducted based upon the need to protect player from a team (more will be discussed at a later date prior to the start of next season

Discussion regarding team sponsors and the development of a process to collect funds and spending limits. Each team manager agreed to prepare an invoice during May of each season. An example of said invoice was offered by Champions and Carolina Bay, included in the invoice should be a team picture with all players. The invoice shall be mailed or e-mailed by June 1. At the end of the season the manager shall send a token gift from the team with a thank you card and a brief explanation as to how the season went,

Adjustments of player to teams within the Legacy Division. Several teams have players who are requesting a transfer to other teams / I would ask that each manager pole their teams and identify any request for transfers for this discussion, the need for a transfer can be any reason, however, the balancing of the division is the most important issue.

A brief discussion regarding next season, playing fields, team numbers, headcount etc.
